QUNDA
REMOTE CONTROL EXPERT

COMPANY INTRODUCTION

Founded in 1995, QUNDA CONTROL TECHNOLOGY (JIANGSU)CO . , LTD is a company covering an area of 23000 square meters and the manufacturing plant covers 55000 square meters. Our main products include control system for air conditioner and for various household appliances. We also produce different remote controllers for air conditioner, TV, set-top box, learning remote, decoders and test instruments allied to remote control etc.

In our manufacturing center, we've got advanced manufacturing equipment and assembly lines. For example, SMT automatic placement machine, automatic plug, injection molding machine, re-flow soldering machine, wave soldering machine.

Qunda is identified as "High-tech Enterprise in Jiangsu Province". Since 2000, we have been rated as "Credit Enterprise" in succession and "Enterprise of quality credit with AAA grade" as well as "famous brand in Jiangsu Province".

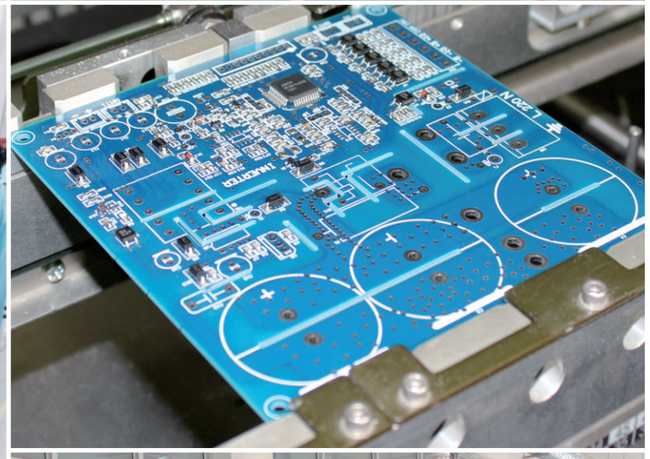
We've got national patents for several technologies. For example, "Mix-coding method for transmitter of TV remote control", "Coding method for universal remote control" "One Key Controlling Method for Intelligent Air-Con Remote" and the patent for shape design.

Having been in this line for more than 20 years, we have committed to the production of remote control with high quality. Production of the best remote for customers is our unchangeable pursuit. We are professional, devoted and credible. We are also a good partner. With high quality and competitive price, our products have worldwide sales. So you can just rely on us.

Located in Suzhou, a beautiful, historical and open city with high-tech industry, Qunda is waiting for your visit and further cooperation.

23,000 m²
55,000 m²

The company covers 23000 square meters,
And the manufacturing plant covers 55000 square meters.



QUNDA
REMOTE CONTROL EXPERT

CERTIFICATE

Qualification and certification comes from the recognition from society and allied industry, which means more responsibilities. It is also the motivation that propels Qunda to stand out in the market. Through intelligent and creative work, Qunda has made many achievements and won the recognition and respect from society and the public.

We are identified as "High-tech enterprise in Jiangsu province". Since 2000, Qunda has been rated as “Credit Enterprise” in succession and “Enterprise of Quality Credit with AAA grade” as well as “Famous Brand” in Jiangsu Province.

QUNDA | CERTIFICATE

QUNDA
REMOTE CONTROL EXPERT

We are proud to be the "Reliable and Reputable Company" honored by Administation for Industry and Commerce of Suzhou every year since 2000.

For years’ endeavor, QUNDA has been recognized by society and the public.

qunda Controller Expert

QUNDA
REMOTE CONTROL EXPERT

CERTIFICATE

The "Mixed-coding method for TV remote control" invented by our technical team was patented by Patent Office of the People's Republic of China on Nov.10th 2004 after two-year's evaluation; and it is valid in twenty years.

The main characteristic of this coding method is that in a group of code which combined in series, it will choose valid periods through various original code periods as the mixed code for coding. A remote control applied with this coding method will be universal at the same time no setting procedure required. It will automatically search and match various TV or Air-conditioner models of different brands. That is to say, a universal remote with this coding method can control varied Tvs or A/Cs without setting procedure first. No other method can get this result of no-setting, except our patented one, therefore it is illegal for other manufacturers to use similar technical method for universal remote control production, and all of our rights are reserved.

Patent of Invention:
Coding Method for Universal
Air-Condition
Remote Control
Patent No.: ZI2008 10023186.7

Patent Invention:
Coding Method for One-Key
Intelligent
Air-Condition Remote Control
Patent No.: ZL2009 10234882.7

Patent of Utility Model:
One-Key Intelligent Air-Condition
Remote Control
Patent No.: ZI2009 2004 9418.6

CATALOGUE

Universal A/C Remote

KT-618

Universal A/C Remote Control
- 6000 in 1
- LCD display with back light
- Intelligent cool & Intelligent heat
- Patent of code setting--input numbers directly

CRC2003A

Universal A/C Remote Control
- Direct brands chosen
- ℃&℉
- Large screen and large buttons
- One key for choosing cool and heat

WIFIBO

WiFi universal air conditioner remote control
- Remote Control supports 2G/3G/4G/WiFi networks
- Remotely Control your AC by mobile phone
- Compatible with all major A/C brands
- 180° rotating IR transmitter for guaranteed connectivity

Universal A/C Remote

KT-THR01

Thermometer & Hygrometer & Remote Control
- 1028 in 1

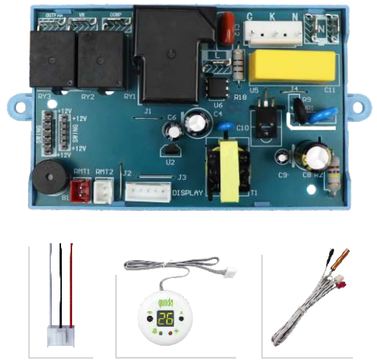
For Split Air Conditioner

QD53N

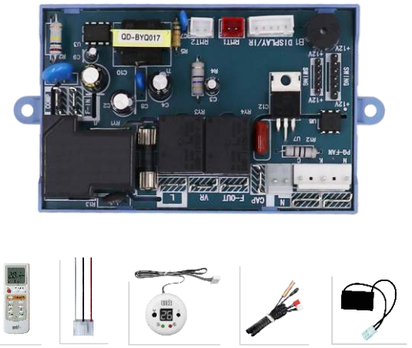


Universal Air conditioner control system

- Compatible with 90% original remote controls
- Outdoor fan controlled independently, and defrosting efficiently
- Auto-restart function

For Split Air Conditioner

QD53M

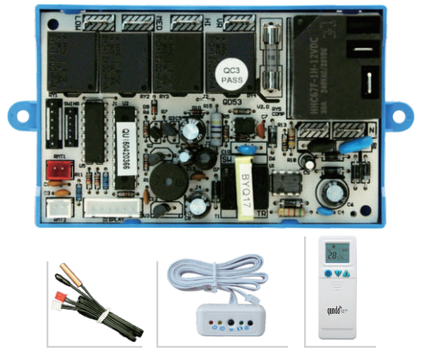


Universal Air conditioner control system

- Switch power
- PG+ tap motor
- Outdoor fan controlled independently

For Split Air Conditioner

QD53

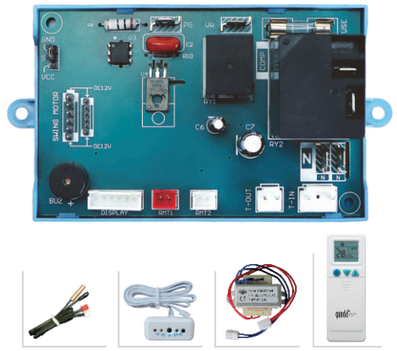


Universal Air conditioner control system

- IR receiver
- Double sensors
- Switch power: AC 100-240V

For Split Air Conditioner

QD-U05PG+

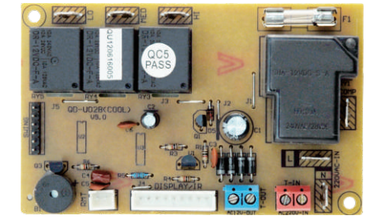


Universal Air conditioner control system

- Double sensors
- High-power output
- PG motor

QD-U02B(COOL)

For Split Air Conditioner



Universal Air conditioner control system

- Only cooling
- 3 fan speed
- Accurate temperature control

QD-U02B(SW)

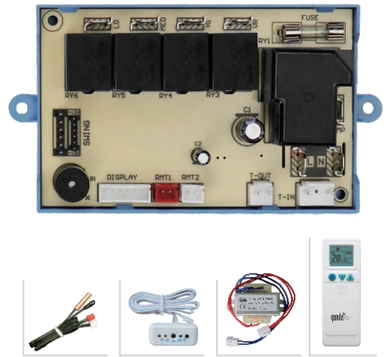
For Split Air Conditioner

Universal Air conditioner control system

- 3 fan speed
- Precise temperature control
- Switch power AC 100V-240V

QD-U03A+

For Split Air Conditioner

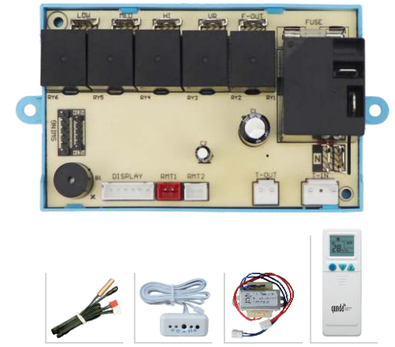


Universal Air conditioner control system

- 3 fan speed
- Colorful plug
- Special for tapped-winding motor

QD-U03C+

For Split Air Conditioner

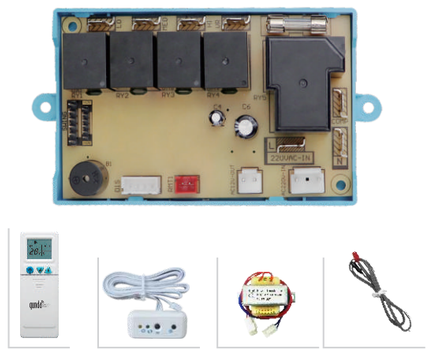


Universal Air conditioner control system

- Auto restart
- Double sensors
- Outdoor fan controlled independently

QD-U02B+(M)

For Split Air Conditioner



Universal Air conditioner control system

- 3 fan speed
- Luxury receiver
- Transformer plug

QD-U02C+

For Split Air Conditioner

Universal Air conditioner control system

- 2 fan speed
- Luxury receiver
- Transformer plug

QD68AI

For Split Air Conditioner

AI & WIFI UNIVERSAL A/C CONTROL SYSTEM

- Off-line voice control
- Quick voice answerl
- Wi-Fi router connection
- Smart life APP to remote control

QD68WI+

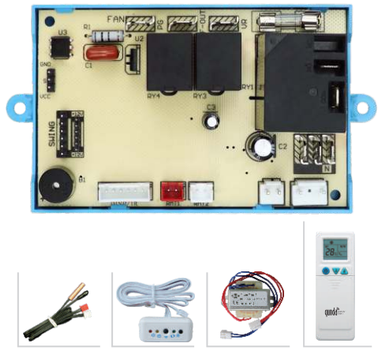
For Split Air Conditioner

WI-FI UNIVERSAL CONTROL SYSTEM FOR CABINET A/C

- Control your air conditioner whenever and wherever you are
- Mobile phone remote control
- Wi-Fi router connection

QD-U05PGC+

For Split Air Conditioner

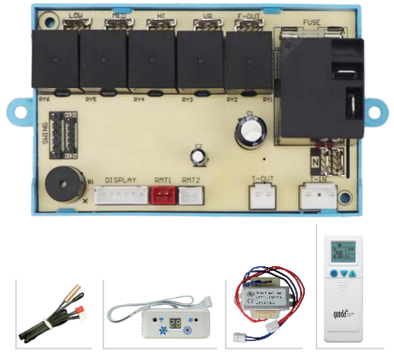


Universal Air conditioner control system

- Auto restart
- Stepless speed regulation fan
- Outdoor fan controlled independently

QD-U08C

For Split Air Conditioner

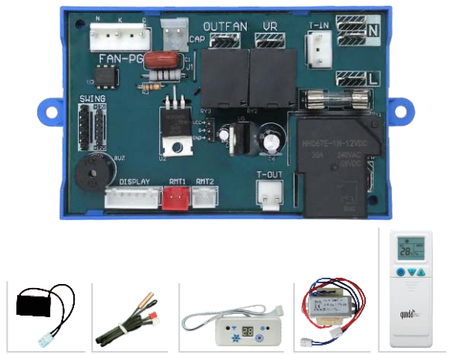


Universal Air conditioner control system

- Auto restart
- Digital temperature display
- Outdoor fan controlled independently

QD-U08PGC+

For Split Air Conditioner

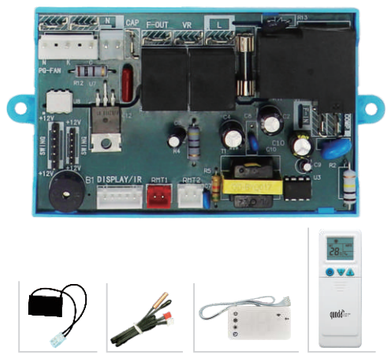


PG motor series Universal Air conditioner control system

- PG motor
- Digital temperature
- Outdoor fan controlled independently

QD-U08PGC+(SW)

For Split Air Conditioner

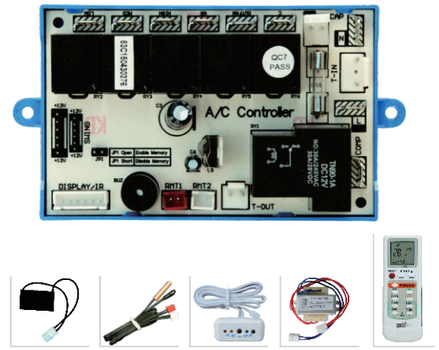


PG motor series Universal Air conditioner control system

- Switch power
- PG + tap motor
- Bigger LED display

QD53C

For Split Air Conditioner

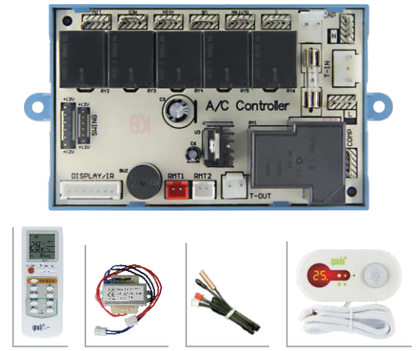


Universal Air conditioner control system

- Restart function after power failure
- Outdoor fan controlled independently
- Unique one key for 26℃ environmental comfort cooling mode

QD55PIR

For Split Air Conditioner



INTELLIGENT Universal Air conditioner Control System

- It can detect human motion and regulate air energy-savingly
- Restart function after power failure
- Outdoor fan controlled independently

QD55DC

For Split Air Conditioner

Universal Air conditioner control system

- Special use for 310V DC fan
- Strong start capacitor for fan motor
- Auto restart function

QD55DC(SW)

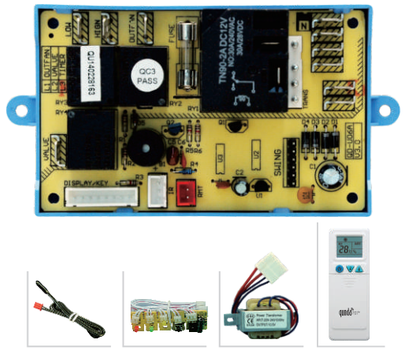
For Split Air Conditioner

Universal Air conditioner control system

- Special use for 310V DC fan
- Restart function.
- Switch power.

QD-U06A

For Split Air Conditioner

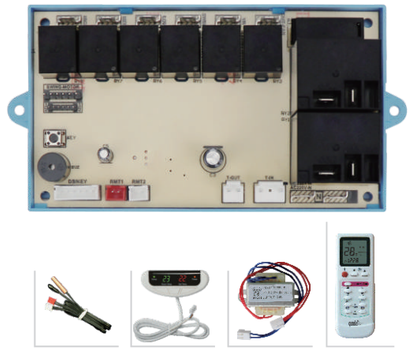


Universal Air conditioner control system

- High-power output
- 2 Fan Speed
- Quick transformer plug
- Outdoor fan controlled independently

QD-U10A

For Cabinet Air Conditioner



Universal Air conditioner control system

- Electrical heating
- LED temperature display
- Display panel manually operated

QD-U11A

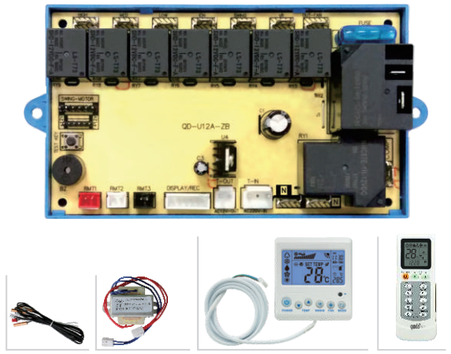
For Cabinet Air Conditioner

Universal Air conditioner control system

- Auto restart function
- LED temperature display
- Outdoor fan controlled independently

QD-U12A

For Cabinet Air Conditioner



Universal Air conditioner control system

- Auto restart function
- Large LCD display panel
- High production technique

QD63B

For Cabinet Air Conditioner

Universal Air conditioner control system

- Display panel with the standard of car dashboard.
- Predict the possibility of suffering heatstroke & flu.
- VOC air quality Monitoring.

QD61

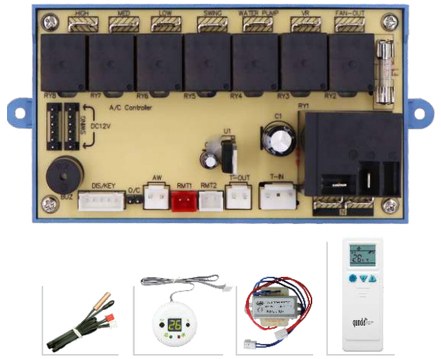
For Cabinet Air Conditioner

Universal Air conditioner control system

- Manual control panel
- LCD display panel, big and distinct character.
- Auxiliary electric heating

QD-U30A+

For Ceiling Cassette

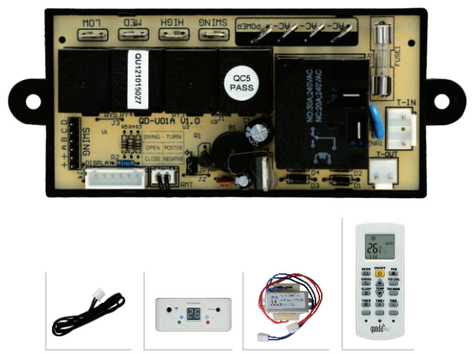


Ceiling and cassette Universal Air conditioner control system

- Double sensors
- Defrost effectively
- Outdoor fan controlled indepently

QD-U01A

For Window Type

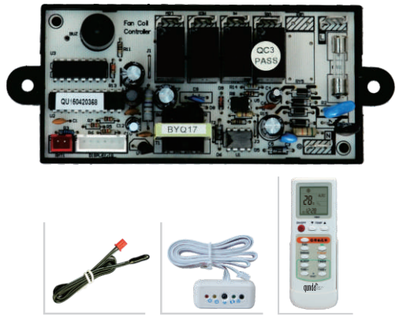


Window Air Conditioner

- IR remote control
- Special for window A/C
- Nixie tube temperature display

QD73A

Fan Coil Controller

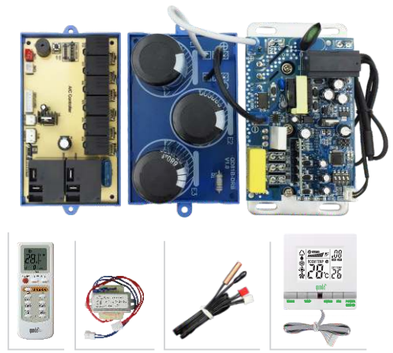


Fan Coil Controller

- One key for 26℃
- AC 100-240V 50/60HZ
- Exquisite remote control

QD81B

For AC Inverter Air Conditioner



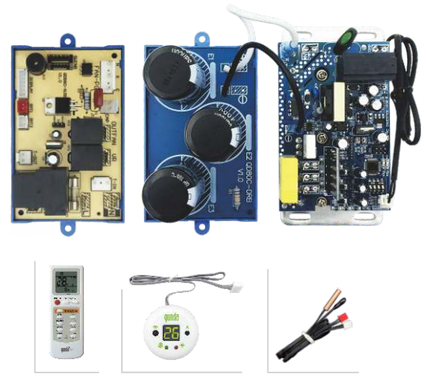
18000-24000 BTU

Universal AC/DC inverter air conditioner control system

- Easy for installation
- Using high-quality chip, stable and reliable

QD82+

For AC/DC Inverter Air Conditioner



6000-12000 BTU

Universal DC inverter control system for split air conditioner

- Drive strong DC compressor
- Drive outdoor DC fan motor
- Drive indoor DC fan motor
- Drive electronic expression valve

QD82U+

For AC/DC Inverter Air Conditioner

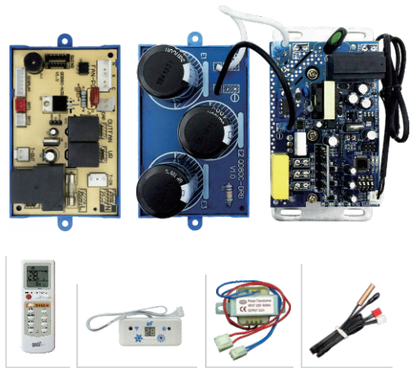
18000-24000 BTU

Universal DC inverter control system for split air conditioner

- Drive strong DC compressor
- Drive outdoor DC fan motor
- Drive indoor DC fan motor
- Drive electronic expression valve

QD80C

For AC Inverter Air Conditioner



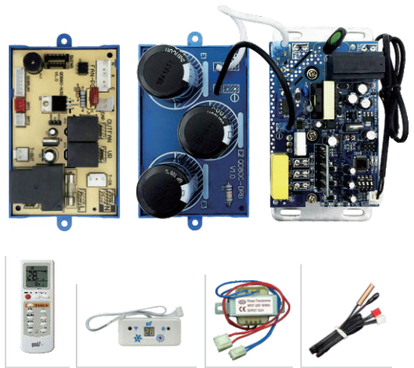
6000-12000 BTU

Universal AC/DC inverter control system for split air conditioner

- Easy for installation
- Powerful and intelligent inverter module
- Using high-quality chip, stable and reliable

QD80CU

For AC Inverter Air Conditioner



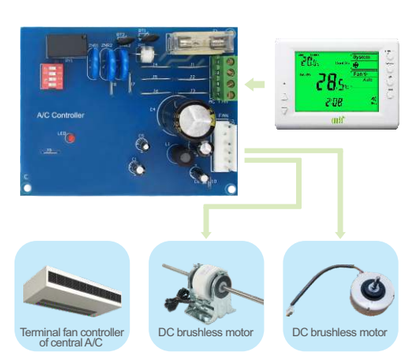
18000-24000 BTU

Universal AC/DC inverter control system for split air conditioner

- Easy for installation
- Powerful and intelligent inverter module
- Using high-quality chip, stable and reliable

QD73DC

For BLDC Motor

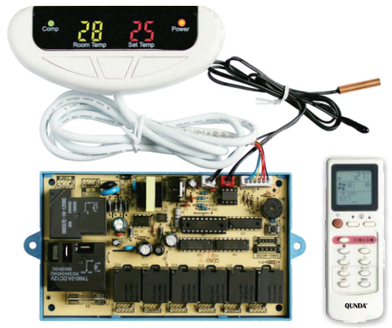


Control system applies to brushless motor

- Rotation speed in wide range with step adjustment
- Adopt DC inverter technology to save energy
- Each control board controls one 120W brushless motor

QD60

For Cabinet Air Conditioner

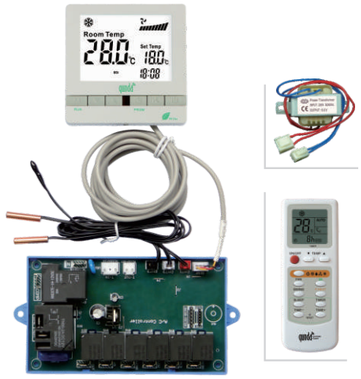


Universal Air conditioner Control System

- Manual operated function with the panel.
- LED display function with the working status displayed in a clear way.
- Heating function.

QD63A

Programmable Universal Air Conditioner

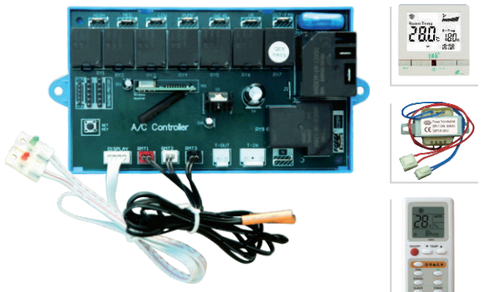


Programmable control system for air conditioner

- Display panel with long wrie
- Programmable system
- LCD back-light

QD65A

Programmable Universal Air Conditioner

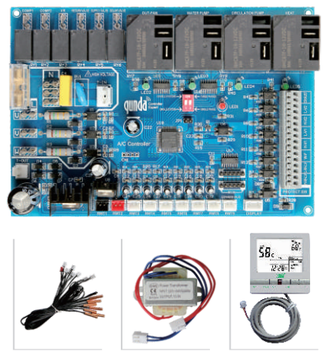


Wireless Programmable Universal Air Conditioner Controller

- Programmable parameter
- 5+2 days: Programmable
- Wireless connection

QD75A

For Air-source Heat Pump Water Heater

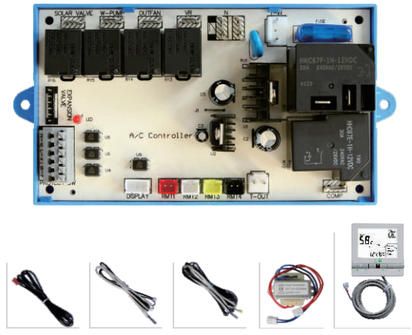


Universal Control System for Commercial Heat Pump

- 3 phrases protection
- Electrical heating function
- Being programmable

QD76A

For Air-source Heat Pump Water Heater



Control System for Household Heat Pump

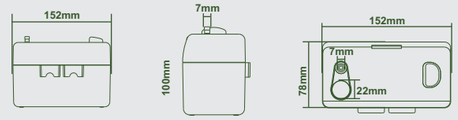
- Large LCD display
- Solar water heating
- Precise temperature control

NEW

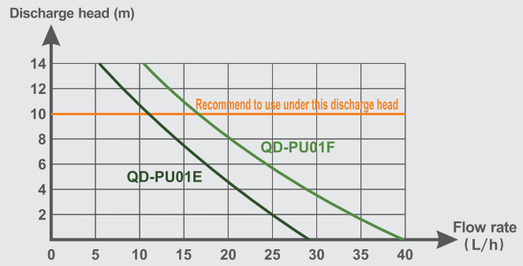
QD-PU01E
CONDENSATE PUMP
Maximum flow :24 L/h

QD-PU01F
CONDENSATE PUMP
LARGE DISCHARGE CAPACITY
Maximum flow :40 L/h

- Super Silent
- Energy saving
- Wall-mounted
- Water alarm



Model	QD-PU01E	QD-PU01F
Power supply	AC 110~220V	AC 110~220V
Discharge head	Max.10m(33ft)	Max.10m(33ft)
Flow rate	Max.24L/h(6.2GPH)	Max.40L/h(10.5GPH)
Tank capacity	200ml	200ml
Noise level	< 19dB(A)	< 21dB(A)
Max air conditioner power	8KW(30,000btu/hr)	15KW(45,000btu/hr)
Max water temperature	35℃	35℃



NEW

QD-PU02E
SPLIT TYPE DRAINAGE PUMP
Maximum flow :24 L/h

QD-PU02F
SPLIT TYPE DRAINAGE PUMP
LARGE DISCHARGE CAPACITY
Maximum flow :40 L/h

- Super Silent
- Energy saving
- Water level probe design, more safe and durable.
- Water alarm

QD-PU03E
CONDENSATE PUMP
Maximum flow :200 L/h

QD-PU03F
CONDENSATE PUMP
LARGE DISCHARGE CAPACITY
Maximum flow :260 L/h

- Suitable for more installation space
- Energy saving
- Water level probe design, more safe and durable.
- Water alarm

Thermostat

QD-HVAC23

GOLDEN SILVER WHITE

Programmable Thermostat

- Switch power AC85-260V
- Full Power key with breathing light and whole
- touching screen

Thermostat

QD-HVAC21

GOLDEN SILVER WHITE

Programmable Thermostat

- Comprehensive screen design, integrated touch panel.
- The screen is PMMA 3D mirror design.
- Silver metal coating process.

Thermostat

QD-HVAC15

Programmable Thermostat

- Programmable thermostat
- 5+2 Programmable
- Easy to program
- Easy to install

Thermostat

QD-HVAC15WIFI

Touch screen programmable thermostat WIFI version

- Smart WIFI
- Capacitive touch screen
- Be able to operate your air conditioner whenever and wherever you are with your mobile phone.

QD-HVAC09

Thermostat

Air Conditioner Thermostat

- Set temperature and room temperature display simultaneously
- 6.8 sq. inch backlight LCD
- Compressor short cycling protection available

QD-HVAC10

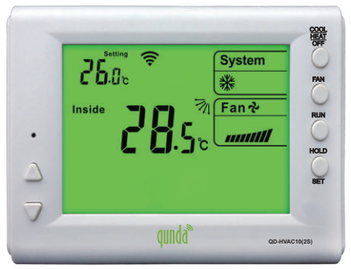
Programmable Thermostat

Programmable Thermostat

- 5+2 programmable
- 6.8 sq. inch backlight LCD
- Battery power or 24V Hardwire

QD-HVAC10(2S)

Programmable Thermostat

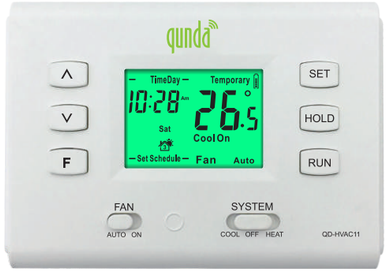


Programmable Thermostat

- 5+2 programmable
- Separate heating and cooling swing (cyclerate) adjustments
- 5 minutes compressor delay protection (selectable on or off)

QD-HVAC11

Programmable Thermostat



Programmable Thermostat

- 5+2 programmable
- Adjust filter usage counter
- Battery power or 24V Hardwire

QD-HVAC20

Programmable Thermostat

100-240V AC

Air Conditioner Thermostat

- Easy for installation and applicable for two two-way valves or two three-way valves
- 5+2 weekly timer function
- Optional for Celsius degree and Fahrenheit degree

QD-HVAC02E

Thermostat

Digital Thermostat for central air conditioner

- Temperature correction
- Power failure protection
- Precise temperature display

QD-HVAC03E

Thermostat

Digital Thermostat for central air conditioner

- High-power transformer
- Precise temperature display
- Industrial-use components

QD-HVAC05E

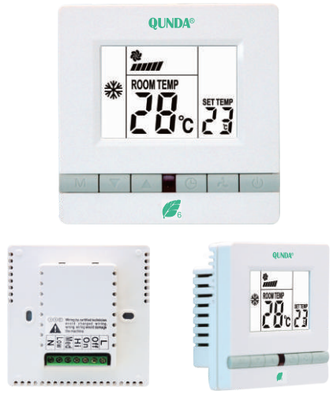
Thermostat

Digital Thermostat for central air conditioner

- Large LCD display
- White Back-light display
- High-power transformer

QD-HVAC06E

Thermostat

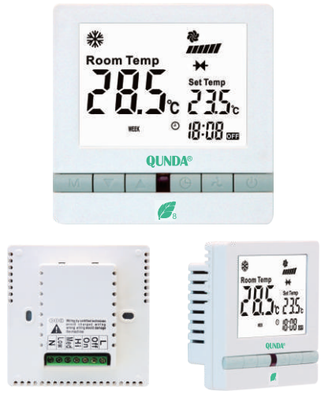


Digital Thermostat for central air conditioner

- IR remote control
- Operating voltage: AC 100-240V
- Warm/cold water valve controlled independently

QD-HVAC08E

Thermostat



Digital Thermostat for central air conditioner

- Large LCD display
- IR remote control function
- Cold/warm water with 4 pipes control

QD92

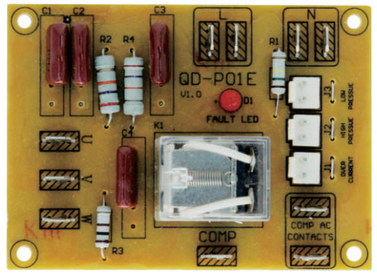
Thermostat for water floor heating

Thermostat for water floor heating

- Large LCD display with white backlight
- Switch power with wide voltage
- AUTO restart

QD-P01E

Other Control Systems



Three phase protector

- Open phase protection
- Phrase disorder protection
- High/Low voltage protection

QD-JCY01

Testing Instrument

Infrared remote signal tester

- Portable
- Easily operated
- Turn off automatically

QD-JMY2005

Testing Instrument

Infrared remote signal tester

- Easy use
- Auto power-off
- Portable standing leg

QD-HYC38

Testing Instrument

Decode instrument for infrared remote controller

- IR decoder for remote controller
- IC display
- Large digital display

QD-JMY2018E

Testing Instrument

Infrared remote signal tester

- Full-automatic decoding
- LCD lattice screen display
- Manual decoding
